

PRACTICAL NURSING EDUCATION PROGRAMS **as of May 17, 2017**

The Board of Nursing regulates nursing education programs in Ohio that prepare students for initial licensure as a registered nurse or licensed practical nurse. The Board accomplishes this regulation by assuring that new and existing programs meet and maintain the requirements set forth in Chapter 4723-5 Ohio Administrative Code, as evidenced by the Board's granting of its approval. This is a list of each nursing education program approved by the Board and its current approval status. An explanation of each type of Board approval is provided below.

APPROVAL STATUS	EXPLANATION
Conditional Approval	The initial approval status granted to a newly established program that meets the requirements of Chapter 4723-5 Ohio Administrative Code. Conditional Approval authorizes implementation of the program and is required prior to the final acceptance of a student into the program.
Full Approval	The approval status granted by the Board to a program that meets and continues to comply with the requirements of Chapter 4723-5 Ohio Administrative Code. A program with Conditional Approval must complete its first class of students who entered the program immediately after the Conditional Approval was granted in order for that program to be eligible for Full Approval status. A program with existing Full Approval that has continued to meet and comply with the requirements of Chapter 4723-5 Ohio Administrative Code or a program that was previously granted Provisional Approval is granted Full Approval if it has been determined by the Board to meet and maintain the requirements of Chapter 4723-5 Ohio Administrative Code.
Provisional Approval	The approval status granted by the Board to a program that was previously granted Full Approval and that failed to meet and maintain the requirements of Chapter 4723-5 Ohio Administrative Code. The Board grants Provisional Approval to a program for a specific time period, during which the program must demonstrate that it meets and maintains the Board's requirements in order to regain Full Approval status.
