Dialysis Technician CMS Clarification

Many programs, limitless opportunities

Follow your passion and advance your career
with a Master of Science in Nursing
or post-master's certificate

Choose from a dozen specialties, including one of
our many nurse practitioner programs, such as

- adult-gerontology
- pediatric
- neonatal
- acute care
- flight nursing and more

Other areas of study include

- advanced oncology/palliative care (NP or CNS)
- family systems psychiatric mental health (NP or CNS)
- advanced public health
- nurse midwifery
- nursing informatics

Or blend MSN majors to create your own program.

Most programs are offered in part-time or intensive
formats designed for working professionals.

From RN to MSN

Get your MSN without having
to get a BSN first! In just one year,
the RN to MSN Bridge program will
prepare you to enter our MSN program.

Board Disciplinary
Action

Momentum reaches every nurse, dialysis technician, medication aide, and community health worker, as well as, every hospital and nursing school administrator in the state of Ohio. Over 200,000 copies are addressed and mailed statewide.

Bertha Lovelace
Board President

Summer brings the rush

of licensure renewal. In March, the Board sent 54,305 letters to licensed practical nurses (LPNs) as a reminder to renew and to provide online password and log-in information. While many have already renewed, some have not. We urge LPNs to renew online as soon as possible and not wait until the deadline approaches. This is the most efficient method for renewing your license. If you have misplaced the information to renew online, please contact the renewal unit at renewal@nursing.ohio.gov.

We also urge LPNs to complete the Nursing Practiceforce Survey at the end of online renewal. The National Council of State Boards of Nursing (NCSBN) is conducting the survey in conjunction with the Board. NCSBN also distributed the survey to RNs this year. We urge you to complete the survey — it takes a few minutes and provides valuable information about the nursing practice force in Ohio.

Online renewal is one way that the

Board is working to use technology to provide more effective and efficient services. Another example is that the Board now has application information available online for nurses already licensed in other states who are seeking licensure in Ohio through “endorsement.” This means that endorsement applicants are able to directly access and view the status of their application documents to know if the Board has received the necessary materials.

Lastly, now on the Board Web site, under Law and Rules, is a “Table of Contents” for the Nurse Practice Act (Chapter 4723, ORC) and the administrative rules (Chapters 4723-1 to

4723-27, OAC). We hope you find this helpful when you reference the statute and rules.

The Board is committed to public protection, and at the same time, is striving to make information more readily available and processes more efficient and effective at a time when practice loads are increasing and budgets are declining.

Thank you in advance for renewing your license in a timely manner and completing the nursing practice force survey! •

The Board has been working in conjunction with others on several state initiatives over the last few months. Governor Strickland established the Ohio Prescription Drug Abuse Task Force (OPDATF) by Executive Order on April 2, 2010. Prescription drug abuse has become an epidemic in Ohio. To represent the Board, I joined representatives from federal, state and local government with concentration in the fields of public health, law enforcement, mental health, substance abuse, health care, and regulation. The Task Force is charged with coordinating a multi-disciplinary, multi-jurisdictional approach to the problem of prescription drug abuse. Additional information about the Task Force can be found at www.odh.ohio.gov/features/odhfeatures/drugoverdose.aspx.

In April, the Board testified for the Sunset Review Committee, a legislative committee gathering information to evaluate the “usefulness, performance, and effectiveness” of committees, advisory councils, and commissions. The Board’s testimony was to recommend continuation of the Committee on Prescriptive Governance (CPG). “The Board strongly recommends that the CPG continue. It has a track record of being a cost-effective committee of multiple health care professionals who assist the Board in promoting safe patient care, increasing public protection, and providing a forum

Betsy J. Houchen,
RN, MS, JD
Executive Director

for public participation regarding the prescriptive authority of APNs.” We are pleased to report that the CPG will continue.

Senate Bill 89, sponsored by Senator Morano, was enacted on Dec. 28, 2009, and became effective March 29, 2010. The Bill permits an out-of-state or federally employed advanced practice nurse with prescriptive authority that includes controlled substances to obtain prescriptive authority in Ohio without completing an externship. Senate Bill 89 also permits an out-of-state or federally employed advanced practice nurse with prescriptive authority that does not include controlled substances to obtain prescriptive authority in Ohio with a limited externship. Board staff revised the certificate to prescribe applications to meet Senate Bill 89 requirements, and these applications are available for download on the Board’s Web site. •

Deadline: August 31, 2010

LPN RENEWAL

This is a final reminder that if you are an LPN in Ohio, your license will lapse after Aug. 31, 2010. A lapsed license is one that “expires” without any communication from the licensee or certificate holder. If you do not intend to practice nursing in Ohio, temporarily or permanently, notify the Board in writing that you are requesting that your license be placed on “inactive” status, or check the box on the paper renewal application that requests “inactive” status.

All LPNs who are eligible to renew their license in 2010 were sent a renewal notice through the mail during the month of March to the address of record with the Board.

The renewal notice included your personal ID, password, and instructions on how to renew your license online. When renewing online, you can pay the required application fee using MasterCard or VISA credit cards, or debit cards with a MC or VISA logo. By utilizing the online renewal process, you may be able to verify the renewal of your license/certificate through the Board’s Web site at www.nursing.ohio.gov in as little as three business days after completing the online renewal application. LPNs who do not want to renew their license online must submit a written request for a paper renewal application by e-mail at renewal@nursing.ohio.gov, fax at (614) 466-0388, or by mailing the request to the Board. Fees for renewal are as follows:

- July 1, 2010, through Aug. 31, 2010 (late application fees apply) - \$115
- After Aug. 31, 2010 (lapsed license fees apply) - \$165

Board staff are available to assist you in taking the necessary steps to renew your license/certificate. If you have questions about the renewal process, please contact the Board at (614) 995-5420 or by e-mail at renewal@nursing.ohio.gov. •

Be the Difference.

Nurses make the Difference

UNLICENSED PRACTICE OF NURSING: *More Than A Non-Nurse Performing Nursing Duties*

Everyone recognizes that the primary reason for preventing the unlicensed practice of nursing is to protect the public. Similarly, most people know that unlicensed practice is punishable as a criminal offense. However, misconceptions exist regarding what acts constitute unlicensed practice and who constitutes an “unlicensed” person. A

person who has no nursing license, training, and education is prohibited from performing nursing duties, regardless if for profit or as a volunteer. For licensed nurses, the need to be vigilant in identifying and avoiding unlicensed practice is crucial, because aiding and abetting another’s unlicensed practice of nursing may subject the licensed nurse to Board disciplinary action.

The legal consequences for unlicensed practice of nursing may include felony charges for the non-nurse, nursing student, out-of-state licensee or suspended licensee.

A lapsed or inactive licensee may face misdemeanor charges. In cases involving the unlicensed practice of nursing, the Ohio Nurse Practice Act allows the Board to initiate disciplinary action against a suspended, lapsed or inactive licensee as well an unlicensed individual when that person seeks initial licensure.

Besides engaging in nursing services, unlicensed practice includes representing that one is a nurse or using any designation to imply that a person is a nurse when, in fact, that person does not hold a current, valid Ohio nursing license. For unlicensed persons, prohibited designations include, but are not limited to,

using a title such as “nurse,” “graduate nurse,” or “professional nurse;” or using initials such as R.N., L.P.N., G.N., or P.N. Use of these designations is prohibited, whether the person is working as a volunteer or for profit. Unlicensed practice goes beyond the actions of the unlicensed person. Someone holding out an unlicensed person as a nurse is equally considered to be engaging in or aiding/abetting in the unlicensed practice. As businesses increasingly use personal marketing tools, such as staff biographies on direct mailings and online social networks, the risk of misidentifying an individual’s credentials and engaging in unlicensed practice increases. The following hypothetical illustrates this point: *The human resources director for ABC Staffing Agency creates a Facebook page for the agency and personal profiles for all staff persons using information in their personnel files. Jane Doe is aware that her profile identifies her as a nurse, when in fact, she does not hold a current, valid Ohio nursing license. The H.R. director, Ms. Doe, and perhaps others, may*

be engaging in the unlicensed practice of nursing by disseminating the erroneous profile information.

Understanding who is an “unlicensed” person is equally important. An unlicensed person is more than simply someone with no nursing license, training, and education. The person with no nursing background or experience can definitively be identified as a non-nurse. Unlicensed persons also include nursing students, out-of-state licensees, and persons with suspended, lapsed, or inactive Ohio nursing licenses or expired temporary permits.

A nursing student is considered to be an unlicensed person, regardless of whether he or she is enrolled in and nearly graduated from an education program, passed the NCLEX or submitted an application for licensure. Until the nursing student receives an Ohio nursing license, the individual is an unlicensed person. There is a legal exception from the unlicensed practice of nursing for nursing students that enables them to perform nursing duties in a very limited circumstance. The student must be enrolled in and actively pursuing completion of a Board-approved nursing program; practicing under the auspices of the program; and acting under the supervision of a registered nurse who is a faculty member or teaching assistant in the program. (Section 4723.32, Ohio Revised Code (ORC)). Although a student under this limited circumstance may engage in the practice of nursing, there is nothing in the law that permits a student to hold himself out as a nurse or allow others to hold him out as a nurse.

An unlicensed person is also an individual who is licensed in a state other than Ohio, also known as an out-of-state licensee. Section 4723.32, ORC, provides specific instances where an out-of-state licensee may engage in activities, including the practice of nursing, without the activities being considered unlicensed practice. However, similar to nursing students, the out-of-state licensee is prohibited from representing himself as an Ohio licensee. No legal exceptions exist for suspended, lapsed, or inactive licensees to engage in the practice of nursing or to represent themselves as nurses.

The legal consequences for unlicensed practice of nursing may include felony charges for the non-nurse, nursing student, out-of-state licensee or suspended licensee. A lapsed or inactive licensee may face misdemeanor charges. In cases involving the unlicensed practice of nursing, the Ohio Nurse Practice Act allows the Board to initiate disciplinary action against a suspended, lapsed or inactive licensee as well as an unlicensed individual when that person seeks initial licensure. Knowing the fundamentals of unlicensed practice of nursing helps identify the prohibited scenarios, avoid the consequences, and protect the public.

An Ohio nursing license can be verified by visiting the Board's Web site at www.nursing.ohio.gov and clicking on the link entitled, "License and Certificate Verification" to enter the Ohio eLicense Center.

For more information on the unlicensed practice of nursing, please refer to Sections 4723.03, 4723.44, 4723.73, and 4723.99, ORC. For a list of exceptions from licensure requirements, please refer to Section 4723.32, ORC. •

URSULINE COLLEGE NOW OFFERS A DOCTOR OF NURSING PRACTICE (DNP)!

Ursuline College's Breen School of Nursing offers a holistic, values-based education in the Catholic tradition. Graduates are prepared to practice in a manner that is competent, caring and reflective of high standards. Ursuline offers BSN, LPN to BSN, Accelerated RN to BSN, Second Degree BSN and MSN programs. Higher Education. Employment Opportunities.

Owens Community College is a public, state-assisted, two-year institution of higher education. We are seeking applicants for the following Nursing position(s):

Assistant Chair, Nursing: Scope: The Assistant Chair works closely with the Chair of Nursing and the Dean of the School of Nursing in the coordination, implementation and evaluation of the Registered Nursing program on both the Toledo and Findlay campuses. Works with the part-time Nursing faculty to coordinate, evaluate and provide orientation to the program and to clinical agencies. Coordinates student clinical make-ups and faculty substitutions as needed. Chairs the Nursing Department Curriculum Committee and serves as the Secretary to the Nursing Advisory Committee. Travels to the Findlay Campus two days a week to provide administrative support to Findlay Campus students and faculty. **Minimum qualifications:** Completion of an approved registered nursing education program; Master's degree in Nursing. Five years in the practice of nursing as a Registered Nurse, two of which have been as a faculty member in a registered nursing program. Current valid licensure as a registered nurse in Ohio. Two years in nursing education administration or health care agency administration. Salary Range is \$50,445 - \$59,508

Clinical Coordinator, Nursing: Scope: The Nursing Clinical Coordinator assists the Chair and the Assistant Chair of Nursing by identifying individuals for part-time clinical positions and makes recommendations for hiring to the Chair. Seeks additional clinical agencies for clinical experiences and evaluates the agencies for appropriateness for student learning. Consults with the nursing faculty regarding the level to which clinical experiences are meeting student's learning needs. **Minimum qualifications:** Bachelor's Degree in Nursing required, Master's Degree in Nursing preferred. At least two years full time experience in the practice of Registered Nursing. Active, valid license to practice Registered Nursing in Ohio. Starting salary is \$28,000 (180 day contract)

Please apply online at <https://jobs.owens.edu>. Application review will begin after July 6, 2010.

Owens Community College invites you to become part of our inclusive culture that embraces and celebrates diversity.

INSULIN ORDERS IN THE PUBLIC SCHOOL SETTING

During the last few weeks of the school year, the Board received a number of inquiries from school nurses practicing within public school systems and parents of children with type I diabetes concerning the requirements for the administration of insulin to students during school. The questions relate primarily to medication orders received by the school district and the licensed nurse for the administration of insulin that may require the nurse to clarify the order and/or consult with the family and authorized prescriber.

In the public school setting, Ohio Revised Code (ORC) Section 3313.713 provides specific requirements in order for medication to be administered to students. Each school district is required to adopt a policy regarding whether medication can, or cannot, be administered in the school, and if medication may be administered, under what circumstances. The law requires that if medications are to be administered, the authorized prescriber must submit an order in a very specific format that is **signed by the prescriber** and includes but it not limited to:

1. The name and address of the student
2. The school and class the student is enrolled
3. The name of the drug and the dosage to be administered
4. The times or intervals at which each dosage of the drug is to be administered
5. The date the administration of the

drug is to begin

6. The date the administration of the drug is to cease
7. Any severe adverse reactions that should be reported to the prescriber and one or more phone numbers at which the prescriber can be reached in an emergency
8. Special instructions for administration of the drug, including sterile conditions and storage

In addition, before medication is administered, the law requires that “any other procedures required by the [school] board be followed.”

The Board of Nursing is not a part of the Ohio Department of Education, and it does not administer and enforce the above ODE law. However, licensed nurses employed in

public school systems, in addition to complying with the applicable medication administration policy established by their school system, must also comply with practice requirements set forth in the Nurse Practice Act, Chapter 4723, ORC, and administrative rules. The following rules contain the analysis that all licensed nurses, regardless of their nursing specialty or clinical setting, are required to apply when implementing an order.

Chapter 4723-4, Ohio Administrative Code (OAC), contains the standards of practice applicable to registered nurses and licensed practical nurses. Rule 4723-4-03, OAC (registered nurses), and Rule 4723-4-04, OAC (licensed practical nurses), contain the respective nurse's "standards relating to competent practice." These require a nurse to timely implement an order unless the nurse believes or has reason to believe the order is inaccurate; not properly authorized; not current or valid; harmful or potentially harmful to a client; or contraindicated by other documented information. If any of these conditions exist or are believed to exist by the nurse, it is the nurse's responsibility to timely clarify the order. When a nurse makes a decision not to follow the order, the nurse is required to notify the ordering health care provider of the decision, document the notification, and take any other action needed to assure the safety of the client.

As an added resource, the Ohio Department of Health administers a School Nursing Program that is available to provide technical assistance about school-related matters. The ODH School Nursing Program Web site is: www.odh.gov/odhPPrograms/chss/schnurs/schurs1.aspx.

Dialysis Technician CMS Clarification

The Federal requirement for dialysis technicians to be certified has a timeline of 18 months from date of hire. Ohio law that currently allows for extensions of a temporary dialysis technician certificate for longer than 18 months is less stringent than the Federal requirement, if those extensions allow greater than 18 months to achieve certification. **The more stringent requirement would apply according to the Centers for Medicare & Medicaid Services (CMS).**

When a facility is surveyed for compliance with the Federal Conditions for Coverage in Ohio, if the facility has individuals working as dialysis patient care technicians (PCTs) under an Ohio temporary certificate, who are not yet certified, and those individuals have been employed more than 18 months as a PCT working in dialysis, **the facility would be cited** for not meeting the Federal regulations.

Any questions regarding the CMS ESRD Interpretive Guidance should be directed to the **Ohio Department of Health**. Contact information is provided below.

NAME/ADDRESS CHANGE QUESTIONS

How do I change my name with the Board?

You must submit a certified document of a name change (i.e. marriage certificate/abstract, divorce decree/dissolution, name change document) within 30 days of the change. Certified documents can be obtained from the court where the original record was filed. Photocopies or notarized copies are not acceptable for a name change. Submit your certified document with a “Name/Address Change Form” or with a brief letter which includes your Ohio license/certificate number, your previous name, your new name as you want it to appear on Board records, your current address, county and telephone number. A Name/Address Change Form is available on the Board’s Web site at www.nursing.ohio.gov under the “Forms” link. Any name change documents must be mailed to the Board.

Submit your address change with a “Name/Address Change Form” or with a brief letter which includes your name, Ohio license/certificate number, address, county and telephone number.

Will the certified document of my name change be returned?

Yes. The Board will return your certified document within 10 business days.

Will I receive a license with my new name on it?

No. The Board no longer issues wallet cards. However, once your name has been updated, it can be verified on the Board’s Web site.

Click on the "Verification" link located on the menu of the Board's home page.

How do I change my address with the Board?

Address changes must be submitted in writing within 30 days of the change. Submit your address change with a "Name/Address Change Form" or with a brief letter which includes your name, Ohio license/certificate number, address, county and telephone number. A "Name/Address Change Form" is available on the Board's Web site at www.nursing.ohio.gov under the "Forms" link. Please submit to the attention of the appropriate department as follows:

MAIL: Ohio Board of Nursing
17 S. High St., Suite 400
Columbus, Ohio 43215-7410

FAX: (614) 466-0388
RN or LPN –

Attention: Renewal Unit
Dialysis Technician –
Attention: DT
Community Health Practitioner –
Attention: CHW
Medication Aide –
Attention: MA-C

E-MAIL: RN or LPN:
renewal@nursing.ohio.gov
Dialysis Technician:
dialysis@nursing.ohio.gov

CHW:
chw@nursing.ohio.gov

MA-C:
medicationaides@nursing.ohio.gov

Will I receive confirmation that my address has been changed?

No. If you wish to verify that your address has been changed, allow seven to 10 business days for processing, then call the Board at (614) 466-3947 for verbal verification. •

Is your license or nursing job in jeopardy?
WE CAN HELP!!!!!!

Rachel Sindell is both an attorney and an R.N.
Steven Sindell is an attorney and board certified in employment law by the OSBA.

We have over 40 years of experience between us.

BOARD DISCIPLINARY ACTIONS

- **Permanent Revocation** = Prohibited from ever practicing nursing or dialysis care, or as a certified community health practitioner.
- **Indefinite Suspension** = Indefinitely prohibited from practicing for a specified minimum period of time. The Board will reinstate only if all conditions for reinstatement, set at the time the action was taken, are met.
- **Automatic Suspension** = Suspension for a violation of a consent agreement or Board order or suspension required by law for commission of a specified felony.
- **Immediate Suspension** = Suspension required by law for a felony drug abuse offense.
- **Indefinite suspension with a stay** = On "probation." May practice if the license status is active but will be monitored by the Board under conditions and restrictions.
- **Restrictions** = Limits such as prohibition from passing narcotics or working in certain areas of practice.
- **Reprimand** = Least amount of discipline. Acknowledgment that what the nurse, dialysis technician or community health practitioner did was wrong. Does not prohibit practice.
- **Voluntary surrender** = May not ever practice again. Permanent action following a formal agreement by the nurse, dialysis technician or community health practitioner to give up the license or certificate.
- **Fines** = A fine of up to \$500 imposed for each violation.

Below are the Board's actions taken during the last Board meetings. The actions are an accurate representation of information maintained by Ohio Board of Nursing at the time of posting. Because the name of a licensee may be the same as another, please do not assume from the name alone that a particular individual has had disciplinary action. Employers and potential employers should also verify the license status on the Board's Web site at www.nursing.ohio.gov. If you have any questions regarding these disciplinary actions, please contact the Compliance Unit at 614-466-8500.

fastfingerprints

a National Background Check, Inc. company

Top 10 Reasons

For Using FastFingerprints
Mobile Unit in 2010!

1. Competitively priced and we come to you and your students
2. Experienced and friendly, advanced fingerprint technicians
3. Easy payment for students (cash, check, credit card) and for you (direct billing)
4. Access secure web results for your school and OBN
5. No internet connection needed
6. Fingerprint Storage Vault
7. On site drug testing service available
8. New state of the art equipment- efficient, easy and most secure
9. Friendly customer service
10. Support Ohio businesses

Newest Feature!
Fingerprint Storage Vault
We can resend fingerprints in the future for multiple purposes including nursing school entrance, clinicals, state licensing and hiring.

9 convenient locations throughout Ohio!

Visit
