

## Schedule of Fees for License and Certificate Applications

The fees listed below are established through the Board's Nurse Practice Act or administrative rules. In addition to the fees listed below, each applicant must pay a \$3.50 transaction fee charged by the state of Ohio for each application submitted. This fee will be reflected in the total fees due prior to making your Visa, Mastercard, or Discovery credit/debit card payment.

Please be aware that depending on other factors, applicants may be required to pay additional fees charged by other organizations or agencies. For example, applicants for initial licensure by examination will need to pay their NCLEX registration fee to Pearson VUE for the license examination. There may also be fees for processing criminal records checks (Office of the Ohio Attorney General); or fees to complete a credential evaluation of nursing education completed in a foreign country (CGFNS).

**Important:** Any initial Ohio license or certificate that is issued prior to the first date of the applicable renewal period as indicated below will reflect an expiration date for the licensure period in which it was issued. Therefore it must be renewed during the renewal period for continued licensed practice or the license will lapse after the end of the applicable renewal period. **For example,** the LPN licensure period begins July 1, of even numbered years. If the initial Ohio LPN license is issued on June 1, of the even numbered year, the LPN license will reflect an expiration date of October 31 of the same even numbered year and must be renewed on or before September 15 to avoid a late fee and before November 1 to avoid the license lapsing.

### Registered Nurse

#### **Initial Licensure by Examination or Reciprocity: \$75**

#### **Renewal of License**

- July 1 – September 15 odd years: \$65
- September 16 – October 31 odd years: \$115
