

MEMORANDUM

TO: Board Members

FROM: Kristie Oles, Education Regulatory Surveyor
Lisa Hashemian, Education Regulatory Surveyor
Lisa Emrich, Program Manager

DATE: March 2, 2020

RE: Calendar Year 2019 NCLEX Pass Rates; Application of Rule 4723-5-23, OAC

Annually, the Board reviews the NCLEX pass rates of pre-license nursing education programs with Full, Provisional, or Continued Conditional approval. NCLEX national and state data are provided by the National Council of State Boards of Nursing.

Rule 4723-5-23, OAC, specifies that each program's NCLEX pass rate is determined by the percentage of a program's first-time test candidates who attempted the NCLEX exam within six months of completing the nursing education program. Rule 4723-5-23, OAC, also establishes a benchmark of 95% of the national of the national average as the pass rate for Ohio.

If a program has an NCLEX pass rate that is less than 95% for first-time candidates, who took the NCLEX within six months of completion of the program, in a calendar year, the following apply:

- After the first year, the program is required to establish a plan indicating action steps to improve its graduates' NCLEX scores, and submit the plan in its annual report to the Board.
- After two consecutive years, the program is required to prepare a report that evaluates the previous year's action plan, identify additional steps to improve its graduates' NCLEX pass rates, and submit the evaluation plan and additional steps in its annual report to the Board.
- After three consecutive years, the Board shall conduct a survey visit of the program, after which the Board may take action concerning the approval status of the program.
- After the fourth consecutive year, the Board is required to place the program on Provisional approval, and the Board may conduct a survey visit.

For the Board to consider restoring a program to Full approval status after a program is placed on Provisional status due to low NCLEX scores, a program must have a NCLEX pass rate that meets or exceeds 95% of the national average for first-time candidates for at least two consecutive years.

Below is information based on all first-time test candidates in calendar year 2019 and includes the national RN and PN NCLEX pass rate averages; the Ohio RN and PN NCLEX pass rate averages; and Ohio RN and PN program NCLEX pass rates compared to the 95% of the national average benchmark. NCLEX pass rate information from 2018 is in parentheses. Programs with ten or more first time test candidates achieving 100% pass rates are also identified.

Section 1: Registered Nursing (RN) Education Programs

Overview and Trends – NCLEX-RN 2019 (2018):

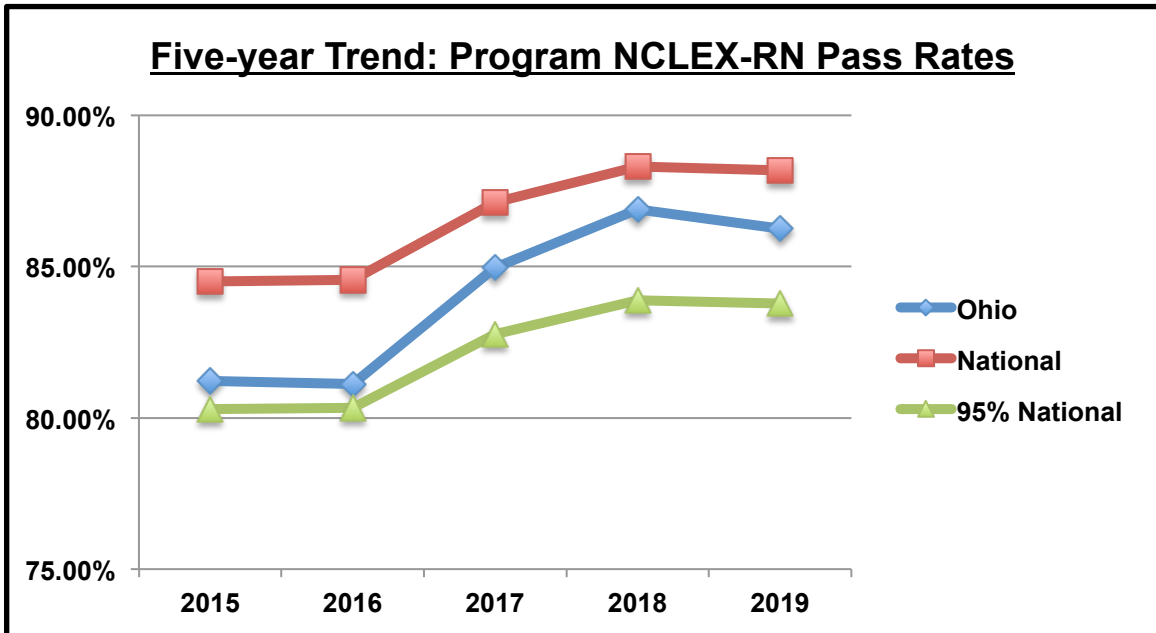

Ohio: 86.25% (86.88%)

- Number of Ohio candidates: 8,430 (8,315)

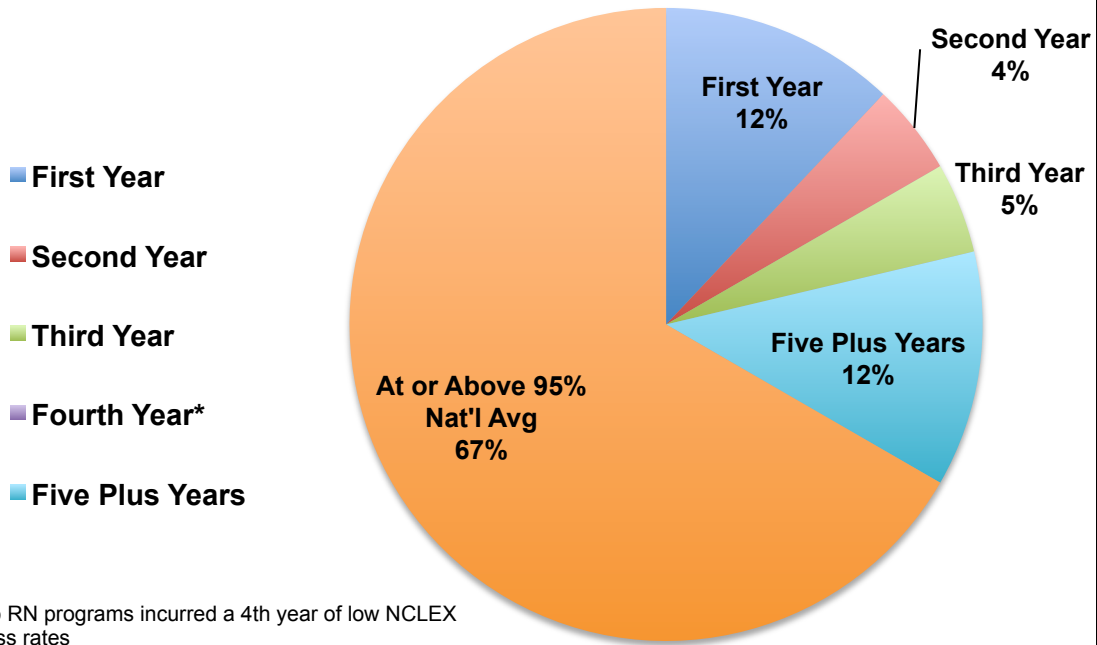

National average: 88.18% (88.30%)

- Number of national candidates: 171,374 (163,209)

95% of national average: 83.77% (83.88%)
