Administrative Rule Review
On Wednesday, November 17, 2021, the Board conducted a Public Rules Hearing at 1:00 p.m. The Public Rules Hearing concluded at 1:13 p.m.

After conclusion of the rules hearing, Holly Fischer reviewed a proposed rule revision recommended by the Advisory Group on Nursing Education to Rule 4723-5-23, OAC, which, if revised, will also require similar revision to Rule 4723-5-04, OAC. The recommended revision would permit the Board discretion pertaining to its approval based on program NCLEX pass rates.

The recommended revision is to add a paragraph 5 to Rule 4723-5-23(B), to read:

(5) *During an emergency declared by the state or federal government, or state or local disaster, the board may abstain from changing a program’s approval status.*

H. Fischer shared that she has briefed her successor, Lisa Eschbacher, on the instructions in doing a first quarter 2022 rule filing. The Board agreed by general consensus to move forward with the recommended revision to Rules 4723-5-23(B) and 4723-5-04(E), OAC.

H. Fischer provided information regarding The Ohio State University College of Nursing’s request to revise Rules 4723-5-01 and 4723-5-13 to change the accelerated program definition’s minimum time span for clinical course work from 52 weeks to “twelve months”. The Advisory Group on Nursing Education reviewed
the request submitted by Wendy Bowles, Assistant Dean, at its October 7, 2021 meeting. The Advisory Group requested additional information/research from Assistant Dean Bowles to assist the Advisory Group in its review of the request. Assistant Dean Bowles agreed to provide the additional information. The Advisory Group will add this discussion/review to its agenda for the first 2022 meeting.

The JCARR hearing will be held on December 6, 2021. The final rules will go into effect February 1, 2022. HEARING EXAMINER’S REPORT AND RECOMMENDATION
Truss, Lakrisha M., R.N. 310625 (CASE #19-4523)
Action: It was moved by Matthew Carle, seconded by Deborah Knueve, that the Board accept all of the Findings of Fact and Conclusions of Law, and modify the Recommendation in the Hearing Examiner's Report and Recommendation, and that MS. TRUSS’s license to practice nursing as a registered nurse in the State of Ohio be suspended for an indefinite period of time with the conditions for reinstatement set forth below, and following reinstatement, MS. TRUSS’s license to practice nursing as a registered nurse shall be subject to a stayed suspension under the probationary terms and restrictions set forth below for a minimum period of three (3) years including the Permanent Narcotic Restrictions, set forth below.

The rationale for the modification is the following: The Board in its expertise has determined that a permanent practice restriction on administering all drugs is not necessary to protect the public.

SUSPENSION OF LICENSE

MS. TRUSS’s license is suspended for an indefinite period of time.

The Board may reinstate MS. TRUSS’s license if MS. TRUSS submits a written request for reinstatement and is determined by the Board or its designee to have complied with the Conditions for Reinstatement.

CONDITIONS FOR REINSTATEMENT

MS. TRUSS shall:

1. Be determined, by the Board or its designee, to be able to practice as a nurse
according to acceptable and prevailing standards of safe nursing care based upon an interview and review of the documentation specified in this Order.

2. Obey all federal, state, and local laws, and all laws and rules governing the practice of nursing in Ohio.

3. Appear in person for interviews with the Board’s designated representative, as requested by the Board or its designee.

4. Within ninety (90) days immediately prior to requesting reinstatement, submit a request to the Bureau of Criminal Identification and Investigation (BCII) to conduct a criminal records check of MS. TRUSS, including a check of Federal Bureau of Investigation (FBI) records, and shall request that BCII submit MS. TRUSS’s criminal records check to the Board. The Board will not consider a request for reinstatement until MS. TRUSS’s completed criminal records check, including the FBI check, is received by the Board.

5. Submit documentation of her full compliance with the requirements imposed by the Lucas County Court of Common Pleas in Case Number G-4801-CR-0201902264-000.

**Educational Requirements**

6. Within six (6) months immediately prior to requesting reinstatement, successfully complete and submit satisfactory documentation of successful completion of the following continuing education, or other comparable course(s) approved in advance by the Board or its designee: Scope of Practice; Ethics; Professional Accountability and Legal Liability; and two (2) hours Ohio Nursing Law and Rules. Continuing education required by this Order does not meet the continuing education requirements for license renewal.

**Evaluations**

7. Within ninety (90) days immediately prior to requesting reinstatement, at MS. TRUSS’s expense, obtain a substance use disorder evaluation by a substance use disorder professional approved by the Board or its designee and, prior to the evaluation, provide the substance use disorder professional with a copy of this Order. MS. TRUSS shall execute releases to permit the substance use disorder professional to obtain any information deemed appropriate and necessary for the evaluation. The substance use disorder professional shall submit a written opinion to the Board that includes diagnoses, recommendations for treatment and monitoring, any additional restrictions that should be placed on MS. TRUSS’s license, and a statement as to whether MS. TRUSS is capable of practicing nursing according to acceptable and prevailing standards of safe nursing care.

8. Provide the Board with satisfactory documentation of compliance with all
aspects of the treatment plan developed by the substance use disorder professional described above until released. Further, the Board may utilize the professional's recommendations and conclusions from the evaluation as a basis for additional terms and restrictions on MS. TRUSS’
s license.

**Monitoring**

9. Abstain completely from personal use or possession of drugs, except those prescribed, administered, or dispensed to her by another so authorized by law who has full knowledge of MS. TRUSS’s history. MS. TRUSS shall self-administer the prescribed drugs only in the manner prescribed.

10. Abstain completely from the use of alcohol or any products containing alcohol.

11. **For a minimum, continuous period of one (1) year immediately prior to requesting reinstatement**, submit, at MS. TRUSS’s expense and on the day selected, blood, breath, hair or urine specimens for drug and/or alcohol analysis at a collection site specified by the Board at such times as the Board may request. Upon and after MS. TRUSS’s initiation of drug screening, refusal to submit such specimen, or failure to submit such specimen on the day she is selected, or in such a manner as the Board may request, shall constitute a violation of a restriction placed on a license for purposes of Section 4723.28(B), ORC. This screening shall require a daily call-in process. The specimens submitted by MS. TRUSS shall be negative, except for substances prescribed, administered, or dispensed to her by another so authorized by law who has received a complete copy of this Order prior to prescribing for MS. TRUSS.

   a. **Prior** to initiating drug screening:

      i. Provide a copy of this Order to all treating practitioners;

      ii. Provide to the Board a list of all treating practitioners, including addresses and telephone numbers; and

      iii. Cause all treating practitioners to complete a medication prescription report for any and all substances prescribed, administered, or dispensed to MS. TRUSS, and submit the report directly to the Board.

   b. **After** initiating drug screening, be under a **continuing duty** to:

      i. Provide a copy of this Order, prior to initiating treatment, to additional treating practitioners;

      ii. Update the list of treating practitioners with the Board within forty-eight (48) hours of being treated by another practitioner;
iii. Notify the Board of any and all medication(s) or prescription(s) received within twenty-four (24) hours of release from hospitalization or medical treatment; and

iv. Cause all treating practitioners to complete a medication prescription report for any and all substances prescribed, administered, or dispensed to MS. TRUSS and submit the report directly to the Board.

12. For a minimum, continuous period of one (1) year immediately prior to requesting reinstatement, attend a minimum of one (1) meeting per week of a support or peer group meeting approved in advance by the Board, or a Twelve Step program, and provide satisfactory documentation of such attendance to the Board prior to reinstatement.

Reporting Requirements for Suspension Period

13. Report to the Board, in writing, any violation of this Order within thirty (30) days of the occurrence of the violation.

14. Sign release of information forms allowing health professionals and other organizations to submit the requested documentation directly to the Board.

15. Submit any and all information that the Board may request regarding MS. TRUSS's ability to practice nursing according to acceptable and prevailing standards of safe nursing care.

16. Not submit or cause to be submitted any false, misleading, or deceptive statements, information, or documentation to the Board.

MS. TRUSS shall:

1. Obey all federal, state, and local laws, and all laws and rules governing the practice of nursing in Ohio.

2. Appear in person for interviews with the Board’s designated representative, as requested by the Board or its designee.

3. Pay a fine of five hundred dollars ($500.00), payable online by credit or debit card.

Permanent Narcotic Restriction

TRUSS shall not count narcotics or possess or carry any work keys for locked medication carts, cabinets, drawers, or containers. MS. TRUSS shall not call in or order prescriptions or prescription refills.

FAILURE TO COMPLY

The stay of MS. TRUSS’s suspension shall be lifted and MS. TRUSS’s license to practice nursing as a registered nurse will be automatically suspended if it appears to the Board that MS. TRUSS has violated or breached any terms or conditions of this Order. Following the automatic suspension, the Board shall notify MS. TRUSS via certified mail of the specific nature of the charges and automatic suspension of MS. TRUSS’s license. MS. TRUSS may request a hearing regarding the charges.

DURATION

The Board may only alter the probationary period imposed by this Order if: (1) the Board determines that MS. TRUSS has complied with all aspects of this Order; and (2) the Board determines that MS. McClain, Eric, P.N. 148861 (CASE #20-1920)

**Action:** It was moved by Matthew Carle, seconded by Deborah Knueve, that the Board accept all of the Findings of Fact and Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation, and that **MR. MCCLAIN’s** license to practice nursing as a licensed practical nurse in the State of Ohio be suspended for an indefinite period of time but not less than five (5) years, retroactive to May 21, 2020, with the conditions for reinstatement set forth below, and following reinstatement, **MR. MCCLAIN’s** license to practice nursing as a licensed practical nurse shall be subject to a stayed suspension under the probationary terms and restrictions set forth below for a minimum period of five (5) years.

The rationale for the modification is the following: The Board modifies the recommendation that **MR. MCCLAIN** provide one year of clean urine screens after release from prison as a condition of reinstatement and instead imposed a requirement of one continuous year of clean screens immediately prior to requesting reinstatement. The rationale is that **MR. MCCLAIN’s** sobriety needs to be established in the period immediately prior to reinstatement rather than at an earlier time interval.

**SUSPENSION OF LICENSE**

**MR. MCCLAIN’s** license is suspended for an indefinite period of time but not less than five (5) years, retroactive to May 21, 2020.

The Board may reinstate **MR. MCCLAIN’s** license if **MR. MCCLAIN** submits a written request for reinstatement and is determined by the Board or its designee to have complied with the Conditions for Reinstatement.

**CONDITIONS FOR REINSTATEMENT**

**MR. MCCLAIN shall:**

3. Appear in person for interviews with the Board’s designated representative, as requested by the Board or its designee.

4. **Within ninety (90) days immediately prior to requesting reinstatement,** submit a request to the Bureau of Criminal Identification and Investigation (BCII) to conduct a criminal records check of **MR. MCCLAIN,** including a check of Federal Bureau of Investigation (FBI) records, and shall request that BCII submit **MR. MCCLAIN’s** criminal records check to the Board. The Board will not
consider a request for reinstatement until MR. MCCLAIN’s completed criminal records check, including the FBI check, is received by the Board.

5. Submit documentation of his full compliance with the requirements imposed by the Licking County Court of Common Pleas in Case Numbers 17 CR 01045; 18 CR 00494; and 18 CR 00566.

Evaluations

6. **Within ninety (90) days immediately prior to requesting reinstatement**, at MR. MCCLAIN’s expense, obtain a substance use disorder evaluation by a substance use disorder professional approved by the Board or its designee and, prior to the evaluation, provide the substance use disorder professional with a copy of this Order. **MR. MCCLAIN** shall execute releases to permit the substance use disorder professional to obtain any information deemed appropriate and necessary for the evaluation. The substance use disorder professional shall submit a written opinion to the Board that includes diagnoses, recommendations for treatment and monitoring, any additional restrictions that should be placed on **MR. MCCLAIN**'s license, and a statement as to whether **MR. MCCLAIN** is capable of practicing nursing according to acceptable and prevailing standards of safe nursing care.

7. Provide the Board with satisfactory documentation of compliance with all aspects of the treatment plan developed by the substance use disorder professional described above until released. Further, the Board may utilize the professional's recommendations and conclusions from the evaluation as a basis for additional terms and restrictions on **MR. MCCLAIN**'s license.

Monitoring

8. Abstain completely from personal use or possession of drugs, except those prescribed, administered, or dispensed to him by another so authorized by law who has full knowledge of **MR. MCCLAIN**'s history. **MR. MCCLAIN** shall self-administer the prescribed drugs only in the manner prescribed.

9. Abstain completely from the use of alcohol or any products containing alcohol.

10. **For a minimum, continuous period of one (1) year immediately prior to requesting reinstatement**, submit, at **MR. MCCLAIN**'s expense and on the day selected, blood, breath, hair or urine specimens for drug and/or alcohol analysis at a collection site specified by the Board at such times as the Board may request. Upon and after **MR. MCCLAIN**'s initiation of drug screening, refusal to submit such specimen, or failure to submit such specimen on the day he is selected, or in such a manner as the Board may request, shall constitute a violation of a restriction placed on a license for purposes of Section 4723.28(B), ORC. This screening shall require a daily call-in process. The specimens submitted by **MR. MCCLAIN** shall be negative, except for substances prescribed,
administered, or dispensed to him by another so authorized by law who has received a complete copy of this Order prior to prescribing for MR. MCCLAIN.

a. Prior to initiating drug screening:

13. Sign release of information forms allowing health professionals and other organizations to submit the requested documentation directly to the Board.

14. Submit any and all information that the Board may request regarding MR.
MCCLAIN’s ability to practice nursing according to acceptable and prevailing standards of safe nursing care.

15. Not submit or cause to be submitted any false, misleading, or deceptive statements, information, or documentation to the Board.

16. Submit the reports and documentation required by this Order on forms specified by the Board. All reporting and communications required by this Order shall be sent by email to: monitoring@nursing.ohio.gov or by mail to:

MCCLAIN via certified mail of the specific nature of the charges and automatic suspension of MR. MCCLAIN’s license. MR. MCCLAIN may request a hearing regarding the charges.

DURATION

The Board may only alter the probationary period imposed by this Order if: (1) the Board determines that MR. MCCLAIN has complied with all aspects of this Order; and (2) the Board determines that MR. MCCLAIN is able to practice nursing according to acceptable and prevailing standards of safe nursing care without Board monitoring, based upon an interview with MR. MCCLAIN and review of the reports as required herein.

As indicated above under Employment Conditions, any period during which MR. MCCLAIN does not work in a position within the State of Ohio for which a license to practice nursing is required shall not count toward fulfilling the probationary period imposed by this Order.
Motion adopted by a majority vote of the Board members present with Patricia Sharpnack abstaining.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 18th day of November 2021.

Menzie, Anella V., R.N. 480353 (CASE #20-4222)

**Action:** It was moved by Matthew Carle, seconded by Donna Hanly, that the Board record reflect that MS. MENZIE was issued a RN license pursuant to HB 197 on a temporary basis, and that license expired March 1, 2021 by operation of law as she had not passed the NCLEX by that date. It was further moved that the Board accept all of the Findings of Fact, Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation and abstained from taking action in this matter.

The rationale for the modification is as follows: The Board cannot legally impose conditions on a future license application. By abstaining from action, this will allow MS. MENZIE to re-apply for a license, with the expectation that MS. MENZIE will provide evidence with her application demonstrating her neurological and physical fitness to provide safe nursing care.

Motion adopted by a majority vote of the Board members present with Patricia Sharpnack abstaining.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 18th day of November 2021.

Roch, Christopher J., P.N. 127238 (CASE #20-0146)

**Action:** It was moved by Matthew Carle, seconded by Sandra Beidelschies, that the Board accept all of the Findings of Fact and Conclusions of Law, and modify the Recommendation in the Hearing Examiner's Report and Recommendation, and that MR. ROCH's license to practice nursing as a licensed practical nurse in the State of Ohio be suspended for an indefinite period of time with the conditions for reinstatement set forth in the Board's May 17, 2013 Order (hereinafter “May 2013 Board Order”), except that he submit one (1) year of clean screens prior to reinstatement rather than six (6) months as stated in the 2013 Board Order, and following reinstatement, MR. ROCH's license be subject to probationary terms and restrictions set forth in the 2013 Board Order for a minimum period of two (2) years including the **previously imposed Permanent Narcotic and Permanent Practice Restrictions** set forth below.

The rationale for the modification is the following: The Board in its expertise has determined that based on MR. ROCH's additional violation, a longer period of screening prior to reinstatement is necessary to demonstrate that MR. ROCH has maintained sobriety and is safe to practice.
SUSPENSION OF LICENSE

MR. ROCH’s license is suspended for an indefinite period of time.

The Board may reinstate MR. ROCH’s license if MR. ROCH submits a written request for reinstatement and is determined by the Board or its designee to have complied with the Conditions for Reinstatement set forth in this Order, and the 2013 Board Order.

CONDITIONS FOR REINSTATEMENT

MR. ROCH shall:

1. Be determined, by the Board or its designee, to be able to practice as a nurse according to acceptable and prevailing standards of safe nursing care based upon an interview and review of the documentation specified in this Order and the 2013 Order.

2. Obey all federal, state, and local laws, and all laws and rules governing the practice of nursing in Ohio.

3. Appear in person for interviews with the Board’s designated representative, as requested by the Board or its designee.

4. **Within ninety (90) days immediately prior to requesting reinstatement**, submit a request to the Bureau of Criminal Identification and Investigation (BCII) to conduct a criminal records check of MR. ROCH, including a check of Federal Bureau of Investigation (FBI) records, and shall request that BCII submit MR. ROCH’s criminal records check to the Board. The Board will not consider a request for reinstatement until MR. ROCH’s completed criminal records check, including the FBI check, is received by the Board.

5. **For a minimum, continuous period of one (1) year immediately prior to requesting reinstatement**, submit to drug and alcohol testing as set forth in Item 9. of the May 2013 Board Order’s Conditions for Reinstatement.

services by the State of Ohio through State agencies or agents of the State; or (5) for an individual or group of individuals who directly engage MR. ROCH to provide nursing services for fees, compensation, or other consideration or as a volunteer.

MR. ROCH shall not function in a position or employment where the job duties or requirements involve management of nursing and nursing responsibilities, or supervising and evaluating nursing practice. As indicated above under Employment Conditions, any period during which MR. ROCH does not work in a position within the State of Ohio for which a license to practice nursing is required shall not count toward fulfilling the probationary period imposed by this Order.

Motion adopted by a majority vote of the Board members present with Patricia Sharpnack abstaining.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 18th day of November 2021.

Johnson, McKenzie (aka "McKenzie Faust"), R.N. 405851 (CASE #19-0084)

Action: It was moved by Donna Hanly, seconded by Nancymarie Phillips, that the Board modify Finding of Fact # 1 to reflect, in sentence one, “and 4 mg (2 – 2mg/2mL vials) of Midazolam via IV Push at 01:05”, which appears to have been omitted by typographical error.

It was further moved that the Board accept all remaining Findings of Fact, Conclusions of Law, and the Recommendation in the Hearing Examiner’s Report and
Recommendation and that Ms. Johnson violated Ohio law as set forth in the March 2019 Notice, Item 1.a. It was further moved that:

**MS. JOHNSON shall:**

1. **Prior to her next licensure renewal,** successfully complete and submit satisfactory documentation of successful completion of the following continuing education, or other comparable course(s) approved in advance by the Board or its designee: Medication Administration; Palliative and/or Comfort Care; Nursing Ethics; Critical Thinking; and Ohio Nursing Law and Rules. Continuing education required by this Order **does not meet the continuing education requirements for license renewal.**

Sandra Beidelschies and Erin Keels voted no. Motion adopted by a majority vote of the Board members present with Patricia Sharpnack abstaining.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 18th day of November 2021.

Vretenar, Raina Ann (aka “Raina Hone”), R.N. 351152, APRN-CNP 023199 (CASE #19-0082)

**Action:** It was moved by Matthew Carle, seconded by Donna Hanly, that the Board accept all of the Findings of Fact, Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation and that MS. VRETENAR’s license to practice nursing as a registered nurse be **REPRIMANDED.**

The rationale for the modification is as follows: The Board has determined that a reprimand on MS. VRETENAR’s nursing license and additional continuing education is necessary based on MS. VRETENAR’s failure to practice in accordance with acceptable and prevailing standards of safe nursing care, including the lack of indication for the administration of the high dose of Fentanyl. Further, MS. VRETENAR has already renewed her license through October 31, 2023, and completing this education in a more timely manner would be more meaningful and better serve the interest of public protection.

**MS. VRETENAR shall:**

1. **Within six (6) months of the effective date of this Order,** successfully complete and submit satisfactory documentation of successful completion of the following continuing education, or other comparable course(s) approved in advance by the Board or its designee: Medication Administration; Palliative and/or Comfort Care; Nursing Ethics; Critical Thinking; and Ohio Nursing Law and Rules. Continuing education required by this Order **does not meet the continuing education requirements for license renewal.**

Joanna Ridgeway voted no. Motion adopted by a majority vote of the Board members present with Patricia Sharpnack abstaining.
This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 18th day of November 2021.
