HEARING EXAMINER’S REPORT AND RECOMMENDATION
Ward, Samantha Lynn, P.N. 149503 (CASE #18-3919)
Action: It was moved by Nancymarie Phillips, seconded by Daniel Lehmann, that the Board accept all of the Findings of Fact, Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation and that MS. WARD’s license to practice nursing as a licensed practical nurse be PERMANENTLY REVOKED.

The rationale for the modification is the following: The Board has determined that permanent revocation of MS. WARD’s license is necessary to adequately protect the public. MS. WARD’s crime was egregious and impacted a vulnerable child victim. The nurse’s addiction as an underlying factor does not outweigh the aggravating factors in this case. MS. WARD delayed reporting abuse of her own child and displayed videos to others before reporting. By doing so, MS. WARD failed to protect a vulnerable child. Further, MS. WARD lied to the police when first interviewed, which reflects poor judgment.

Motion adopted by a majority vote of the Board members present with Candy Sue Rinehart abstaining.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 13th day of January 2022.

Phophan, Christina Marie, P.N. 150519 (CASE #20-3466)
Action: It was moved by Nancymarie Phillips, seconded by Daniel Lehmann, that the Board accept all of the Findings of Fact, Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation and that MS. PHOPHAN’s license to practice nursing as a licensed practical nurse in the State of Ohio be suspended and that the suspension is stayed subject to the probationary terms and restrictions set forth below for a minimum period of one (1) year.

The rationale for the modification is the following: The Board in its expertise has determined that continuing education is necessary to adequately protect the public.

PROBATIONARY PERIOD

MS. PHOPHAN’s license shall be subject to Probationary Terms and Restrictions for a minimum period of one (1) year.
PROBATIONARY TERMS AND RESTRICTIONS

MS. PHOPHAN shall:

1. Obey all federal, state, and local laws, and all laws and rules governing the practice of nursing in Ohio.

2. Appear in person for interviews with the Board’s designated representative, as requested by the Board or its designee.

3. Submit a request to the Bureau of Criminal Identification and Investigation (BCII) to conduct a criminal records check of MS. PHOPHAN, including a check of Federal Bureau of Investigation (FBI) records, and shall request that BCII submit MS. PHOPHAN’s criminal records check to the Board. MS. PHOPHAN’s completed criminal records check, including the FBI check, must be received by the Board within ninety (90) days following the effective date of this Order.

Educational Requirements

4. Within six (6) months of the effective date of this Order, successfully complete and submit satisfactory documentation of successful completion of the following continuing education, or other comparable course(s) approved in advance by the Board or its designee: five (5) hours Critical Thinking; and five (5) hours Professional Accountability and Legal Liability. Continuing education required by this Order does not meet the continuing education requirements for license renewal.

Evaluations

5. Within ninety (90) days of the effective date of this Order, at MS. PHOPHAN's expense, obtain a substance use disorder evaluation that includes a mental health component, by a professional approved by the Board or its designee and, prior to the evaluation, provide the professional with a copy of this Order. MS. PHOPHAN shall execute releases to permit the professional to obtain any information deemed appropriate and necessary for the evaluation. The professional shall submit a written opinion to the Board that includes diagnoses, recommendations for treatment and monitoring, any additional restrictions that should be placed on MS. PHOPHAN's license, and a statement as to whether MS. PHOPHAN is capable of practicing nursing according to acceptable and prevailing standards of safe nursing care.

6. Provide the Board with satisfactory documentation of compliance with all aspects of the treatment plan developed by the professional described above until released. Further, the Board may utilize the professional's recommendations and conclusions from the evaluation as a basis for additional terms and restrictions.
on MS. PHOPHAN’s license.

**Monitoring**

7. Abstain completely from personal use or possession of drugs, except those prescribed, administered, or dispensed to her by another so authorized by law who has full knowledge of MS. PHOPHAN’s history. MS. PHOPHAN shall self-administer prescribed drugs only in the manner prescribed.

8. Abstain completely from the use of alcohol or any products containing alcohol.

9. **Within ninety (90) days of the effective date of this Order**, begin submitting, at MS. PHOPHAN’s expense and on the day selected, blood, breath, hair or urine specimens for drug and/or alcohol analysis at a collection site specified by the Board at such times as the Board may request. Upon and after MS. PHOPHAN’s initiation of drug screening, refusal to submit such specimen, or failure to submit such specimen on the day she is selected, or in such a manner as the Board may request, shall constitute a violation of a restriction placed on a license for purposes of Section 4723.28(B), ORC. This screening shall require a daily call-in process. The specimens submitted by MS. PHOPHAN shall be negative, except for substances prescribed, administered, or dispensed to her by another so authorized by law who has received a complete copy of this Order prior to prescribing for MS. PHOPHAN.

   a. **Prior** to initiating drug screening:

      ii. Provide to the Board a list of all treating practitioners, including addresses and telephone numbers; and

      iii. Notify the Board of any and all medication(s) or prescription(s) received within twenty-four (24) hours of release from
hospitalization or medical treatment; and

iv. Cause all treating practitioners to complete a medication prescription report for any and all substances prescribed, administered, or dispensed to MS. PHOPHAN and submit the report directly to the Board.

10. **Within sixty (60) days of the effective date of this Order**, attend a minimum of one (1) meeting per week of a support or peer group meeting approved in advance by the Board, or a Twelve Step program, and provide satisfactory documentation of such attendance to the Board every six (6) months.

**Employment Conditions**

11. **Upon the request of the Board or its designee, prior to working in a position where a license to practice nursing is required**, complete and submit satisfactory documentation of completion of a nurse refresher course or an extensive orientation approved in advance by the Board or its designee.

12. **Prior to accepting employment as a nurse**, each time with every employer, notify the Board, in writing. Any period during which MS. PHOPHAN does not work in a position within the State of Ohio for which a license to practice nursing is required **shall not count** toward fulfilling the probationary period imposed by this Order.

13. **Within forty-five (45) days of the effective date of this Order**, provide her current employer(s) with a copy of this Order, if working in a position in which a license to practice as a nurse is required. MS. PHOPHAN is under a continuing duty to provide a copy of this Order to any new employer **prior to accepting employment as a nurse**.

14. Have current employer(s), if working in a position where a license to practice nursing is required, submit written reports regarding job performance **on a quarterly basis beginning within forty-five (45) days of the effective date of this Order** or beginning within thirty (30) days of working in a position as a nurse, whichever is later.

19. Not submit or cause to be submitted any false, misleading, or deceptive statements, information, or documentation to the Board or to employers or potential employers.

20. Submit the reports and documentation required by this Order on forms specified by the Board. All reporting and communications required by this Order shall be sent by email to: monitoring@nursing.ohio.gov or by mail to:

   Compliance Unit
   Ohio Board of Nursing
   17 South High Street, Suite 660

21. Verify that the reports and documentation required by this Order are received in the Board office.

22. Inform the Board within five (5) business days, in writing, of any change in employment status or of any change in residential or home address or telephone number.

FAILURE TO COMPLY

The stay of MS. PHOPHAN's suspension shall be lifted and MS. PHOPHAN's license to practice nursing as a licensed practical nurse will be automatically suspended if it appears to the Board that MS. PHOPHAN has violated or breached any terms or conditions of this Order. Following the automatic suspension, the Board shall notify MS. PHOPHAN via certified mail of the specific nature of the charges and automatic suspension of MS. PHOPHAN's license. MS. PHOPHAN may request a hearing regarding the charges.

DURATION

The Board may only alter the probationary period imposed by this Order if: (1) the Board determines that MS. PHOPHAN has complied with all aspects of this Order; and (2) the Board determines that MS. PHOPHAN is able to practice nursing according to acceptable and prevailing standards of safe nursing care without Board monitoring, based upon an interview with MS. PHOPHAN and review of the reports as required herein.
As indicated above under Employment Conditions, any period during which **MS. PHOPHAN** does not work in a position within the State of Ohio for which a license to practice nursing is required shall not count toward fulfilling the probationary period imposed by this Order.

Motion adopted by a majority vote of the Board members present with Candy Sue Rinehart abstaining.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 13th day of January 2022.

Action: It was moved by Daniel Lehmann, seconded by Donna Hanly, that the Board accept all of the Findings of Fact, Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation and abstain from taking disciplinary action on MR. VON AHN’s licenses.

The rationale for the modification is the following: The Board in its expertise has determined that the remaining violation is minor and does not warrant a Reprimand on MR. VON AHN’s licenses.

Temporary Practice Restrictions

Unless otherwise approved in advance, in writing, by the Board or its designee, MS. GARNETT shall not practice nursing as a licensed practical nurse (1) in a patient’s residence; (2) for staffing agencies or pools; (3) for an individual or group of individuals who directly engage MS. GARNETT to provide nursing services for fees, compensation, or other consideration or who engage MS. GARNETT as a volunteer; or (4) as an independent contractor or for locum tenens assignments.
Unless otherwise approved in advance, in writing, by the Board or its designee, MS. GARNETT shall not function in a position or employment where the job duties or requirements involve management of nursing and nursing responsibilities. Such positions include, but are not limited to, the following: Director of Nursing, Assistant Director of Nursing, Nurse Manager, Vice President of Nursing.

FAILURE TO COMPLY

The stay of MS. GARNETT’s suspension shall be lifted and MS. GARNETT’s license to practice nursing as a licensed practical nurse will be automatically suspended if it appears to the Board that MS. GARNETT has violated or breached any terms or conditions of this Order. Following the automatic suspension, the Board shall notify MS. GARNETT via certified mail of the specific nature of the charges and automatic suspension of MS. GARNETT’s license. MS. GARNETT may request a hearing regarding the charges.

DURATION

The Board may only alter the probationary period imposed by this Order if: (1) the Board determines that MS. GARNETT has complied with all aspects of this Order; and (2) the Board determines that MS. GARNETT is able to practice nursing according to acceptable and prevailing standards of safe nursing care without Board monitoring, based upon an interview with MS. GARNETT and review of the reports as required herein.

As indicated above under Employment Conditions, any period during which MS. GARNETT does not work in a position within the State of Ohio for which a license to practice nursing is required shall not count toward fulfilling the probationary period imposed by this Order.

This Order shall become effective immediately and is hereby entered upon the Journal of the Board for the 13th day of January 2022.

Wright, Edward D., R.N. 244089 (CASE #18-7249)
Action: It was moved by Daniel Lehmann, seconded by Donna Hanly, that the Board accept all of the Findings of Fact, Conclusions of Law, and modify the Recommendation in the Hearing Examiner’s Report and Recommendation and that MR. WRIGHT’s license to practice nursing as a registered nurse in the State of Ohio be suspended and that the suspension is stayed subject to the probationary terms and restrictions set forth below for a minimum period of two (2) years including the Temporary Practice Restrictions, unless otherwise approved in advance, set forth below.

The rationale for the modification is the following: The Board in its expertise has
determined that an active period of suspension, with conditions for reinstatement, is not necessary to adequately protect the public. MR. WRIGHT has been out of nursing practice for a period of years and permitting MR. WRIGHT to return to practice with completion of continuing education and a nurse refresher course within ninety (90) days, while temporarily restricting the nurse from high risk and unsupervised areas, is adequate to protect the public.

**PROBATIONARY PERIOD**

MR. WRIGHT’s license shall be subject to Probationary Terms and Restrictions for a minimum period of two (2) years.

**PROBATIONARY TERMS AND RESTRICTIONS**

MR. WRIGHT shall:

1. Obey all federal, state, and local laws, and all laws and rules governing the practice of nursing in Ohio.

2. Appear in person for interviews with the Board’s designated representative, as requested by the Board or its designee.

3. Submit a request to the Bureau of Criminal Identification and Investigation (BCII) to conduct a criminal records check of MR. WRIGHT, including a check of Federal Bureau of Investigation (FBI) records, and shall request that BCII submit MR. WRIGHT’s criminal records check to the Board. MR. WRIGHT’s completed criminal records check, including the FBI check, must be received by the Board within ninety (90) days following the effective date of this Order.

**Educational Requirements**

4. **Within ninety (90) days of the effective date of this Order**, successfully complete and submit satisfactory documentation of successful completion of the following continuing education, or other comparable course(s) approved in advance by the Board or its designee: Medication Administration; Palliative and/or Comfort Care; Nursing Ethics; Critical Thinking; and Ohio Nursing Law and Rules. Continuing education required by this Order does not meet the continuing education requirements for license renewal.

5. **Within ninety (90) days of the effective date of this Order**, complete and submit satisfactory documentation of completion of a nurse refresher course or an extensive orientation approved in advance by the Board or its designee.
Employment Conditions

6. Prior to accepting employment as a nurse, each time with every employer, notify the Board, in writing. Any period during which MR. WRIGHT does not work in a position within the State of Ohio for which a license to practice nursing is required shall not count toward fulfilling the probationary period imposed by this Order.

7. Within forty-five (45) days of the effective date of this Order, provide his current employer(s) with a copy of this Order, if working in a position in which a license to practice as a nurse is required. MR. WRIGHT is under a continuing duty to provide a copy of this Order to any new employer prior to accepting employment as a nurse.

8. Have current employer(s), if working in a position where a license to practice nursing is required, submit written reports regarding job performance on a quarterly basis beginning within forty-five (45) days of the effective date of this Order or beginning within thirty (30) days of working in a position as a nurse, whichever is later.

9. Have current employer(s) send documentation to the Board, along with the first employer report, of receipt of a copy of this Order, including the date this Order was received.

Reporting Requirements for Probationary Period

13. Not submit or cause to be submitted any false, misleading, or deceptive statements, information, or documentation to the Board or to employers or potential employers.

14. Submit the reports and documentation required by this Order on forms specified by the Board. All reporting and communications required by this Order shall be sent by email to: monitoring@nursing.ohio.gov or by mail to:

FAILURE TO COMPLY

The stay of MR. WRIGHT’s suspension shall be lifted and MR. WRIGHT’s license to practice nursing as a registered nurse will be automatically suspended if it appears to the Board that MR. WRIGHT has violated or breached any terms or conditions of this Order. Following the automatic suspension, the Board shall notify MR. WRIGHT via certified mail of the specific nature of the charges and automatic suspension of MR. WRIGHT’s license. MR. WRIGHT may request a hearing regarding the charges.

DURATION

The Board may only alter the probationary period imposed by this Order if: (1) the Board determines that MR. WRIGHT has complied with all aspects of this Order; and (2) the Board determines that MR. WRIGHT is able to practice nursing according to acceptable and prevailing standards of safe nursing care without Board monitoring, based upon an
interview with MR. WRIGHT and review of the reports as required herein.

As indicated above under Employment Conditions, any period during which MR. WRIGHT does not work in a position within the State of Ohio for which a license to practice nursing is required shall not count toward fulfilling the probationary period imposed by this Order.
